Objective

Recent Computer Science graduate seeking an entry-level Web Developer or Software Engineer role. Strong foundation in MERN stack development, REST APIs, databases, and modern software engineering practices with experience building full-stack applications in collaborative teams.

Education

University of Engineering and Technology, Lahore

Bachelor of Science in Computer Science

- Relevant Coursework: Data Structures & Algorithms, Database Systems, Web Technologies, Software Engineering, Artificial Intelligence, Machine Learning

Technical Skills

- **Languages:** JavaScript, TypeScript, Python, Java, SQL
- **Web:** React, Node.js, Express.js, MongoDB, REST APIs
- **Tools:** Git, GitHub, Linux, Docker (Basics), VS Code
- **Concepts:** Object-Oriented Programming, Clean Architecture, Authentication (JWT), Database Design

Projects

TalentTap – Full-Stack Job Portal (MERN)

- Built a full-stack job portal using MongoDB, Express.js, React, and Node.js.
- Developed secure REST APIs with JWT-based authentication and role-based authorization.
- Designed MongoDB schemas for users, jobs, and applications with efficient CRUD operations.
- Created responsive React interfaces for recruiters and job seekers.
- Used Git for version control and followed modular, maintainable code organization.

LibreFocus – Android Digital Wellbeing App (Final Year Project)

- Developed a native Android digital wellbeing application using Kotlin, Jetpack Compose, MVVM, Room, DataStore, and Koin.
- Implemented app usage tracking, screen-time analytics, app limits, achievements, and productivity insights.
- Integrated AI-powered productivity assistance through REST APIs with API key authentication.
- Designed a scalable, privacy-first architecture with local data storage and background processing using WorkManager.
- Collaborated in a four-member team using Git, code reviews, feature branches, and clean architecture principles.

Leadership Experience

Lead – AWS Cloud Club UET Lahore New Campus

- Organized 5+ AWS learning sessions for 1000+ participants across Pakistan, India, and Bangladesh.

Co-Director – ACM UET New Campus

- Led digital media and promotions for 10+ technical events, including Gamathon 2025.
